Scheree Gilchrist is the Chief Innovation Officer at Legal Aid of North Carolina (LANC). In this position, she oversees the development of a sustainable, strategic plan for innovation that will improve access to justice for clients and improve the way staff works to deliver services. She is also the director of the Legal Aid of North Carolina Innovation Lab, the first of its kind in a Legal Aid program nationwide, where she oversees an interdisciplinary team in their mission to collaborate, develop, and implement ideas that allow legal services to be delivered more efficiently to North Carolinians.
