- Questions

What is heir property?

- Property passed down without a will.
- Multiple heirs have shares in the same property.

Why is heir property a problem?

Without clear title, it is more difficult for heir property owners to:

- Use the property as loan collateral
- Sell the property
- Enroll in recovery-assistance programs following natural disasters

Homes are abandoned and become uninhabitable. Surrounding property values decrease, negatively impacting communities.

Heir Property Pro Bono Project

- Provides heir property owners clear title to their home and land.
- Prioritizes residents of Eastern NC, areas prone to natural disasters, marginalized communities.
- LANC, pro bono attorneys partner to serve clients.
- NCBA/NCBF recruit volunteers from Real Property Section.
- Land Loss Prevention Project, Pisgah Legal Services also partners.

Client eligibility

- Low income (below 200% of federal poverty level).
- Fractional interest in home inherited w/o deed, will
